

Household Worries

The woman who has the care of children in addition to her household duties frequently finds the drain upon her vitality more than her constitution can stand. She becomes nervous, irritable, passes sleepless nights, has headache, backache and other weaknesses that make life miserable. For such there is nothing that gives such quick relief as

Dr. Miles' Nerve which acts directly upon the nerves, refreshing and strengthening them. It was in a very weak condition, could not gain any strength; on the contrary, lapsed into nervous prostration. Had headache, neuralgia, could not sleep. I began using Dr. Miles' Nerve and grew rapidly better. For weak women there is nothing better.

The Cough of Consumption

Your doctor will tell you that fresh air and good food are the real cures for consumption. But often the cough is very hard. Hence, we suggest that you ask your doctor about your taking Ayer's Cherry Pectoral. It controls the tickling, quiets the cough.

We publish our formulas. We publish alcohol from our medicines. We urge you to consult your doctor.

One of Ayer's Pills at bedtime will cause an increased flow of bile, and produce a gentle laxative effect the day following. Formula on each box. Show it to your doctor. He will understand at a glance. Dose, one pill at bedtime.

A Former Resident.

L. L. Shackford died at his home in Concord, January 10, after a long illness with heart trouble. Mr. Shackford had worked in Barnet for the past 20 years coming and going to and from his home each week. He worked for E. A. Morgan in his harness shop until two years ago, when he sold out to Byron Berry. Mr. Shackford worked for Mr. Berry until last February when he went home one Saturday expecting to return the next Monday. He was taken very ill soon after reaching home and has never been able to return to his work since. Mr. Shackford had the reputation of being the best harness maker in these parts; the only recommendation that a harness needed was that Mr. Shackford had made it.

Raw Meat as a Food for Hens.

Those who are familiar with Poultry know with what eagerness they eat raw meat of any kind. This habit indicates that raw meat is something their nature demands. There is perhaps no material better adapted to the needs of fowls—especially in winter—than Green Cut Bone and Meat ground together. It is not only invigorating but it contains in a form easily assimilated the very elements required for the making of eggs. It will make hens lay when everything else fails. C. S. Page of Hyde Park, Vt., will send a 200 lb. barrel of Green Cut Bone and Meat for \$3.50, freight prepaid, to any point in New England or Middle States. When writing him please mention this paper.

AT PEACHAM.

Accident at Onion River Pond—Town Locals.

A serious accident occurred last week at this place. As one of the heavy lumber teams owned by George May attempted to cross on the ice with a load of logs the whole team went to the bottom of the pond. As yet nothing has been done toward recovering any part of it. This is the second accident that has occurred there, as about Christmas time another pair of horses was lost, one being drowned and the other so badly chilled that it died. The ice was considered unsafe, as it was full of air holes and it is understood that one teamster had refused to venture and been discharged in consequence. The team and harnesses that are in the pond are said to be valuable and the loss somewhere in the neighborhood of \$600.

Hiram Rowe has been suffering the past two weeks with a sore hand.

The annual church dinner and election of officers was held Thursday at the Congregational church. Not so many were present as usual. The officers for the coming year are practically the same as last year. One hundred and forty-five dollars was raised for putting a furnace in the parsonage and making other needed repairs.
